FIX IT Team CODE OF CONDUCT

Gracious Professionalism and FTC FIX IT team

Your signature is required below, and indicates that you have read and agree to abide by our Code of Conduct and our statement of Gracious Professionalism, which is integral to our success as a team and as individuals.

Gracious Professionalism is the embodiment of the *FIRST* philosophy. It is how we should strive to act, whether we are being watched or not, and in a way that would make those we admire most proud. Gracious Professionalism demands that we treat others with kindness and respect, communicate with one another clearly and honestly, as well as trying resolve conflicts and misunderstandings immediately.

Woodie Flowers, who coined the term, describes it as “Gracious professionals learn and compete like crazy, but treat one another with respect and kindness in the process. They avoid treating anyone like losers. No chest-thumping tough talk, but no sticky-sweet platitudes either. Knowledge, competition and empathy are comfortably blended.”

Gracious professionalism encourages high quality work, impeccable ethics, respect for yourself and others, and the ability to compete in a gracious manner.

FIX IT team Code of Conduct

Team members will exemplify Gracious Professionalism by:

- ➔ Being respectful to one another, to other teams, coaches, mentors, parents and other adults, to team property, and to our meeting places, at all times.
- ➔ Refraining from disruptive behaviour that affects your own team or others.
- ➔ Being helpful to one another and others whenever the opportunity arises.
- ➔ Actively participating in meetings, competitions & events with a willing spirit of cooperation.
- ➔ Showing class and dignity whether winning or losing.

Consequences of violating our Code of Conduct may include:

1. A written apology to all team members and to anyone else involved that acknowledges and takes responsibility for the specific misconduct and describes how such mistakes will be avoided in the future.
2. Subsequent activity with the team will be on a probationary basis for the remainder of the season with the understanding that any and all future instances of misconduct will result in the offending parties involved being sent home immediately. Repeated misconduct with no evidence of attempts to learn from previous mistakes will result in removal from the team.

I have read the above statement and will abide by Gracious Professionalism and the FIX IT team Code of Conduct.
